MEMORANDUM FOR: Deputy Director for Administration

STATINTL

SUBJECT : Office of General Counsel Space Requirements

1. Attached is a further projection of space requirements for the Office of General Counsel through March 1, 1976. John Warner trusts that these can be incorporated into any overall space planning which your people are doing as far as reallocation of space in the Headquarters Building is concerned.

2. Not included in this document is the fact that for a short period of time (December 1975 and January 1976), the Office of General Counsel has agreed to provide an office for [redacted] the DCI Area Security Officer, who has yet to have a permanent office since his assignment to this position. I fervently hope that whatever solutions to current DCI Area space problems are found, an office for [redacted] adjacent to the current DCI Admin space (7C-25) can be allocated in the near future. The current situation is most unsatisfactory.
